

North Carolina SEO

- Highlights (2022-2023)
 - Changes to the program have been the staffing changes at the NC SEO(USI) which include a new Director (Julie Woosley).
 - The NC SEO is continuing to work in the NC Chapter of ESC and Hayward Fain was recently named new Public Chair.
 - The largest non-cogeneration PC project in state history was just approved at NCDAC for \$35.75M.
 - Included 179D Funding
 - Included a “1st of its kind” in NC Utility-Owned Solar PPA with a Public Entity
 - We have another state agency in IGA (DNCR) and a K-12 school district in the RFP phase.
 - RFPs Released in the Last Few Years:
 - 2020: 0
 - 2021: 3
 - 2022: 0
 - 2023: 1
 - We hope that new state agency projects, Federal funding, and new stakeholders at USI & the Local Government Commission (State Treasurer’s Office) improve the marketplace.
 - We also hope that our 2023-25 ESC Chapter Strategic Plan makes the program more beneficial for all stakeholders: end users, the State Energy Office, Third Party Engineers and ESCOs.

2023 ESC Market Transformation Conference, October 2-4, Wilmington, DE
